

JOSHUA BRANDFONBRENER ARCHITECT

July 18, 2018

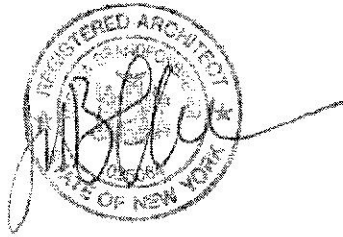

To Whom It May Concern

I have worked with Ghia Construction on renovation projects for the Archdiocese of Newark since 2010. Since then we have successfully completed many projects together. Most recently we completed a renovation of an old convent in Newark.

These projects have all gone very well, and we have been pleased with both the process and the final product. Ghia has been completely professional, conscientious and fair throughout.

We look forward to working with Ghia on future projects for the Archdiocese..

Very truly yours,

A circular professional seal for a Registered Architect in the State of New York. The seal contains the text "REGISTERED ARCHITECT" at the top and "STATE OF NEW YORK" at the bottom. A handwritten signature, which appears to be "J. Brandfonbrener", is written across the seal.
